XATS 900E ELECTRIC PORTABLE COMPRESSOR

When you have the power to choose...

Sustainable Productivity
CHOSE THE POWER OF ELECTRIC!

The XATS 900E electric portable compressor is our latest innovation in compressed air. A combination of smart engineering, time tested technology and quality components all add up to a solution with extreme versatility, which is suitable for a wide range of applications.

Perfect for sites and applications where there is a ready supply of power, the XATS 900E is easy to install as it requires no additional foundations. The corrosion resistant canopy of the compressor is designed for use in all weather conditions, without the need for additional rooms and enclosures.

Compact, lightweight and easy to move, coupled with outstanding ruggedness and durability make the XATS 900E an excellent choice for rental fleets and customer sites. Further options, such as skid or undercarriage only add to the portability of this efficient, low-noise compressor.

The XATS 900E is an outstanding choice when it comes to setting up an efficient job site. Delivering compressed air from 7 to 10 bar (100 to 150 psi) with a flow of up to 25 m³/min (900 cfm).

* Unit performance measured according to ISO 1217, Ed. 3, Annex C - 1996
** Measured according to ISO 2151: 2004 using ISO 9614/2

ISO STANDARDS

- Atlas Copco’s fully implemented Quality Management and Environmental Management systems in the design and manufacturing of these units fulfill the requirements of ISO 9001 and ISO 14001. The range has also been tested / given the certificate tested according to ISO 1217.

OPTIONS

- Undercarriage with parking brake and jockey wheel.
- Customized colours.
SPILLAGE FREE FRAME
Prevents soil contamination while allowing safe and smooth movement across any surface.

BUILT IN AFTERCOOLER
Reduces compressed air temperature and prevents moisture build up in air lines.

SILENCED CANOPY
Tough, silenced canopy with corrosion resistant protection ensures durability and performance even in the harshest environments. No dedicated compressor room or enclosure required.

LARGE DOOR PANELS
For easy access and single side service.

THE POWER OF ELECTRIC

RUNNING COSTS CAN BE REDUCED BY UP TO 50%

NO EMISSIONS

REDUCED MAINTENANCE TIME AND COSTS

POWER-FLEX FRAME TO ENSURE EASE OF MOVEMENT AND SAFETY

PORTABLE ENERGY SOLUTIONS PORTFOLIO

AIR COMPRESSORS

READY TO GO
• 1-5 m³/min
• 7-12 bar

VERSATILITY
• 7-22 m³/min
• 7-20 bar

PRODUCTIVITY PARTNER
• 18-64 m³/min
• 10-35 bar

Diesel and electric options available.

GENERATORS

PORTABLE
• 1,6-13,9 kVA

MOBILE
• 9-1250* kVA

INDUSTRIAL
• 10-1250* kVA

*Multiple configurations available to produce power for any size application.

DEWATERING PUMPS

 ELECTRIC SUBMERSIBLE
• 275-16500 l/min

DIESEL DRIVEN CANOPY
• 833-9833 l/min

DIESEL DRIVEN OPEN FRAME
• 3300-7500 l/min

LIGHT TOWERS

LED

METAL HALIDE

SOLAR

COMMITTED TO SUSTAINABLE PRODUCTIVITY

Atlas Copco’s Portable Energy division has a forward-thinking philosophy. For us, creating customer value is all about anticipating and exceeding your future needs – while never compromising our environmental principles. Looking ahead and staying ahead is the only way we can ensure we are your long term partner.
